- The judges' decision will be final and binding.
- VASCSC will not be responsible for any damage or loss of the models/paintings etc.
- VASCSC reserves full right to use these models, paintings, stories, photos, etc. of the event in its publications and promotional material.

24 December 2022

## RRR STEM Challenge

Material that create **Solutions!**

The RRR STEM Challenge promotes reuse and recycling of materials emphasizing on creativity and innovation. The goal is to promote recycling, reducing, and reusing materials while building strong connections between education, sustainability, and art.

Eligibility	:	All SSF participants 2022-23
Competition Timings	:	2:00 - 4:00 pm
Presentation Timings	:	4:00 - 4:30 pm
Group Size	:	Individual or Team of 2

### Rules

- The students will have to prepare a model out of waste material on any of the following themes:
  - Science & Technology**
  - Environment conservation**
- The model must be participants' own creation.
- The models can be pre-planned but the making and execution needs to be conducted at the venue during the competition.
- The generic reusable (waste) materials like paper, straws and other stationery will be available at the venue but the participants must bring their own reusable (waste) materials as needed.
- All pre-made models will be disqualified.
- All the models will have to be presented by the participants for final judging.
- The judging will be done on the basis of its usefulness, its aesthetic appeal, creativity, concept, value for money, environment impact and its safety.
- Top 3 models will be awarded.
- Participants can take back their models between 27 to 31 December 2022.
